Care and support at Highdown Court

As we get older, some of us need support with the tasks of everyday living and value the reassurance of knowing that qualified staff are close to hand.

Extra care bridges the gap between retirement housing and a residential or nursing home. Highdown Court offers the best of both worlds. You have all the independence of your own apartment, but with the peace of mind of a care team on site.

Highdown Court could be an ideal solution for couples who require different levels of care, enabling you to live together while receiving the support you need. You must be over 60 to qualify.

If you are interested in living at Highdown Court a member of our team will visit you to ensure that you are suitable for extra care living and that your needs can be met by the scheme.

To use the on-site care team, you will have your needs assessed by East Sussex County Council. This will determine how much care you receive and what you will have to pay. You can purchase care privately if you prefer. Please go to our sales website www.wealddiving.com to see what properties are available.

There are upper limits to the amount of care and support that can be provided in an extra care scheme and very occasionally alternative accommodation may have to be arranged for residents. This decision would be made by health and social care professionals in conjunction with the family or an advocate acting for the resident.

Buying an apartment

Apartments at Highdown Court are available to purchase on a shared equity basis. This means that you buy a 75% share in the property, while Saxon Weald retains the remaining 25%. You do not pay rent on this percentage, although monthly service and support charges will be payable.

Renting an apartment

In the first instance, you must contact the local authority to have your need for care assessed by the Adult Social Care team. Priority will be given to people with a local connection to the area.

A look inside your Highdown Court apartment

Our one and two-bedroom apartments are comfortable and well thought-out. They have been designed to make the most of natural daylight, helping to create a bright, spacious feel.

A range of thoughtful touches aim to make daily life a little bit easier including plug sockets and switches that have been positioned at a suitable height to reduce bending and taps fitted with easy-grip levers.

The modern, fitted kitchens come complete with built-in oven, hob and extractor hood.

To aid mobility, the bathrooms feature level-access showers with a folding seat, grab rails and non-slip flooring.

All apartments benefit from double-glazed windows, TV and FM aerial points, as well as phone points.

For your peace of mind, apartments are fitted with a pull-cord emergency alarm system, as well as smoke alarms. They also have a door-entry phone system to enable you to let guests in from the main scheme entrance.
